\$500 WILL BE FORFEITED BY DR
if failing to cure in less time than any
physician, more effectually and permanently, with
strait from occupation or fear of exposure to
cather, with safe and pleasant medicines

SELF-ABUSE AND SOLITARY HABITS,
Their effects and consequences;
SPECIAL AILMENTS AND SITUATIONS,
Incident to Married and Single Ladies;
SECRET AND DELICATE DISORDERS;

Mercurial Affections; Eruptions and all Diseases of the
Skin; Ulcers of the Nose, Throat and Body; Pimples
on the face; Swellings of the Joints; Nervousness;
Constitutional and other Weaknesses in Youth, and the
more advanced, of all Ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,

21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other.
Recollection, the only entrance to his office is No. 21,
having no connection with his residence. Consequently
no family interruption, so that on no account can
any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by
Quacks who will say or do anything, even perjure
themselves, to impose upon patients) that he

is the only regular graduate physician and
VERTISING IN BOSTON.

SIXTEEN YEARS

engaged in treatment of special diseases, a fact so well
known to many Citizens, Publishers, Merchants, Hotel
Proprietors, &c., that he is much recommended, and
particularly to

STRANGERS AND TRAVELLERS

to avoid and escape imposition of Foreign and Na-
tive Quacks, more numerous in Boston than other large
cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians
— many of whom consult him in critical cases, because
of his acknowledged skill and reputation, attained
through so long experience, practical and observation

AFFLICTED AND UNFORTUNATE!

be not clobbered and to your suffering in being de-
ceived by the lying boasts, misrepresentations, false prom-
ises, and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special
Diseases, and less as to their cure. Some exhibit forged
Diplomas of Institutions or Colleges, which never ex-
isted in any part of the world; others exhibit Diplo-
mas of the dead, how obtained, unknown; not only
assuming and advertising in names of those inserted in
the U. S. M. S., but to further their imposition assume
names of other most celebrated Physicians long since
dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommen-
dations of their medicines by the dead, who cannot ex-
pose or contradict them; or who, besides, to further
their imposition, copy from Medical Books much that
is written of the qualities and effects of different herbs
and plants, a service all the same to their Pills, Ex-
tracts, Specifics, &c., most of which, if not all, contain
Mercury, because of the ancient belief of its "curing
everything" but now known to "kill more than it is
cured" and those not killed, constitutionally injured for
life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM
MAKERS.

Through the ignorance of the Quack Doctor, knowing
no other remedy, he relies upon atonury, and gives to
all his patients in Pills, Drops, &c., so the Nostrum
Maker equally ignorant, adds to his so-called Extracts,
Specifics, Antidotes, &c., both relying upon its effects in
curing a few in a hundred, it is trumpeted in various
ways throughout the land; but, alas! nothing is said
of the balance; some of whom die, others grow worse,
and are left to linger and suffer for months or years, un-
till relieved or cured, if possible, by competent physi-
cians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to
some Quack Doctors and Nostrum Makers, yet, regard-
less of the life and health of others, there are those
among them who will even perjure themselves, contra-
dicting giving mercury to their patients or that it is con-
tained in their Nostrums, so that the "usual fee" may
be obtained for professedly curing, or "the dollar" or
"fraction of it" may be obtained for the Nostrum. It
is thus that many are deceived also, and uselessly spend
large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly
confidential, and all may rely on him with the strictest
accuracy and confidence, whatever may be the disease,
condition or situation of any one, married or single.

Medicines sent by mail and Express to all parts of the
United States.

All letters requiring advice must contain one dollar to
insure an answer.

Address Dr. L. Dix, No. 21, Endicott Street, Boston
Mass.

Boston, Jan. 1, 1863—1 year. 2y1

TO THE LADIES. The celebrated DR. L. DIX par-
ticularly invites all ladies who need a Medical or
Surgical Doctor, to call at his rooms, No. 21 Endicott
Street, Boston, Mass., which they will find arranged for
their special accommodation.

Dr. Dix having devoted over twenty years to this
particular branch of the treatment of all diseases pecu-
liar to females, it is now conceded by all (both in this
country and in Europe) that he excels all other known
practitioners for the safe, speedy and effectual treatment
of all female complaints.

His medicines are prepared with the express purpose
of removing all diseases, such as debility, weakness, un-
natural suppressions, enlargements of the womb, also,
all discharges which flow from a morbid state of the
blood. The Doctor is now fully prepared to treat in his
peculiar style, both medically and surgically, all diseases
of the female sex, and they are respectfully invited to call at

No. 21 Endicott Street, Boston.

All letters requiring advice must contain one dollar to
return an answer.

Boston, Jan. 1, 1863—1 year. 2y1.

Soap Manufactory.

THE subscriber has in operation a Soap Manufactory
in Montpelier Village. He proposes to take the "raw
material" at the residences of such as wish to sell to
him, buying their ashes and grease, and selling them a
good article of soap, and delivering it to them. He will
pay 12 cents a bushel for ashes, and 5 to 6 cents a pound
for grease, and will sell New Soap at \$5.00 and Old Soap
at \$4.00 a barrel.

CAREY'S CATHARTIC CANDIES A SAFE, RELIABLE AND THOROUGH FAMILY PHYSIC

NEVER, since the dawn of civilization, has there
been recorded such an improvement in medical science
as that inaugurated by the discovery of
CAREY'S CATHARTIC CANDIES.

The days of disgusting and dangerous pills, made of
mercury and aloes, of nauseous salts andenna, of sick-
jalap and rhubarb powders, are now numbered, a new
era opens up; the medicinal properties of the safe and
most expensive drugs have been, by CAREY'S CANDIES
only to Doctor Carey, chemist, of New York, known
useless particles, every trace of smell and taste re-
moved, and made into the form of delicious candies.
There is no longer a necessity for parents forcing them-
selves or their children to swallow and strangle with
loathsome-tasting physic.

CAREY'S CATHARTIC CANDIES

Have valuable medicinal properties that no pills or pow-
ders ever can possess. They can be given to those with
the most delicate stomachs, without the slightest
knowledge that they are taking physic; they are not to
be swallowed whole, being the same in the centre that
they are on the outside; place one in the mouth before
retiring for the night, allow it to dissolve slowly away,
—its taste will be found delicious, while there are a
variety of flavors to suit every palate. For all disease
originating in the Stomach, the Bowels, the Liver, or
the Kidneys, there has never been a medicine in exist-
ence that could equal them. They are guaranteed not to
contain a single particle of Mercury or other miner-
al or corrosive substance, and can be given to the weak-
est infant with perfect safety. Their penetrating prop-
erties cleanse and invigorate every portion of the hu-
man body, correcting its diseased action and restoring
its health, strength and vigor. Their effect upon the
blood is to purify it from all unhealthy humors, and to
instill into it a new one and richness that will cause the
oldest and most aggravated complaints to speedily and
permanently disappear. Subjoined is the certificate of
the celebrated chemist, Mr. V. S. HULTON, the highest
authority in the United States, who has carefully ex-
amined and thoroughly tested the properties and value
of the Candies. Hear what he says regarding them:

New York, Jan. 31, 1862.

Mr. Geo. C. BARCLAY,

Proprietor of Carey's Cathartic Candies:
DEAR SIR:—I have analyzed and tested critically your
Carey's Cathartic Candies, which I hereby certify to
be a safe and very efficacious physic. They do not con-
tain any mineral or corrosive substance, and may be
administered to invalids or children without fear. I
consider them to be a very important discovery, and
one which is of the greatest value to the community at
large.

I am, &c.,

V. S. HULTON, Analytical Chemist.

SICKLY FEMALES

Should lose no time in trying a few doses of this regu-
lating and removing remedy; whatever may be their
complaint, it can be taken with safety in all periodical
and other disorganizations, its effect is all but miracu-
lous.

UNREFUTED PROOF.

The testimony of Nations is unanimously borne to the
health giving virtues of his noble remedy, and certifi-
cates in every living language bear witness to the
DELIABLENESS of their INTRINSIC WORTH.

CAREY'S CATHARTIC CANDIES CURE

American & Foreign Patents

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, under
the Act of 1837.

75 State street, opposite Kilby st., Boston.

AFTER an extensive practice of upwards of twenty
years, continuing to secure Patents in the United States
—also in Great Britain, France, and other foreign coun-
tries. Caveats, Specifications, Assignments, and all Pa-
pers or Drawings for Patents, executed on liberal terms
and with despatch. Researches made into American or
Foreign Works, to determine the validity or utility of Pa-
tents or inventions, —and legal or other advice rendered
in all matters touching the same. Copies of the claims of
any Patent furnished by remitting One Dollar. Assign-
ments recorded at Washington.

The Agency is not only the largest in New England
but through it inventors have advantages for securing
patents, of ascertaining the patentability of inventions
unassured by, if not immeasurably superior to any which
can be offered them elsewhere. The testimonials below
given prove that none is MORE SUCCESSFUL AT THE
PATENT OFFICE than the subscriber; and as SUCCESS
IS THE BEST PROOF OF ADVANTAGES AND ABIL-
ITY, he would add that he has abundant reason to believe
and can prove, that at no other office of the kind are the
charges for professional services so moderate. The hu-
mane practice of the subscriber during twenty years
past, has enabled him to accumulate a vast collection of
specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechan-
ical works, and full accounts of patents granted in the
United States and Europe, render him able, beyond ques-
tion, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a
patent, and the usual great delay there, are here save
d.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and suc-
cessful assistants with whom I have had official inter-
course."

CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring Inventors that they
cannot employ a person more competent and trustworthy
and more capable of putting their applications in a form
to secure for them an early and favorable consideration
at the Patent Office."

EDMUND BURKE, Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN appli-
cations, on all but one of which patents have been granted,
and that one is now pending. Such unmistakable
proof of great talent and ability on his part leads me to
recommend all Inventors to apply to him to procure their
patents, as they may be sure of having the most faithful
attention bestowed on their cases, and at very reasonable
charges."

JOHN TAGGART.

"During eight months, the subscriber, in course of his
large practice, made, on twice rejected applications,
SIXTEEN APPEALS, EVERY ONE of which was de-
cided in his favor, by the Commissioner of Patents."

SCOVILL'S BLOOD & LIVER SYRUP

THE GREAT BLOOD PURIFIER!

THIS MEDICINE is composed of Roots and Plants,
which have not only Alternative, but Diuretic and
Diaphoretic action. Thus the combination
Acts not only on the Blood, but also on
the Skin and Kidneys.

It is on this account that this medicine produces so
much more speedy action in

All Chronic Diseases of the System

Than any other now before the public. When PIM-
PLES, BLOTCHES, or FESTEERING HUMORS ap-
pear upon the Skin, or Sores on the mucous membrane
of the

PALATE, THROAT OR NOSE,

It shows that the

BLOOD IS IMPURE!

and that the

Liver is Torpid.

If permitted to run on it will appear in some other part
of the system—most generally in the form of

SCROFULA.

Either in small knots under the Skin, for Sores upon the
Glands of the Neck, Arm-pits, Groins,
Breast, Eyes, etc.,

Till the whole system becomes so full of this accumu-
lated poisonous humors, that life will become a burden,
and finally disease will prove fatal!

WHY NOT USE

Scovill's Blood and Liver Syrup

When these diseases first appear, which will carry on
of the system all the humors and Morbid Matter thro
the secretions of the Skin, Kidneys and Bowels; also
restore the Liver to its proper action and the

SYSTEM TO HEALTH.

Call at the Agent's and get a Pamphlet.
Physicians in all parts of the country are using this
medicine in their practice with great success.

For sale by all the principal Druggists in the Uni-
ted States.

THE NEW YORK TIMES.

Daily, (Morning and Evening,) Semi-Week-
ly and Weekly.

The most Enterprising and Reliable Family
Newspaper in the United States.

THE NEW YORK TIMES is now recognized through-
out the country as conspicuous among the journals of
the City of New York for the

CHEAPNESS OF ITS ISSUES,

THE

ENTERPRISE OF ITS MANAGEMENT,

AND THE

PROMPTNESS AND

AUTHENTICITY OF ITS NEWS

It pays unflinching allegiance to the UNION AND THE
CONSTITUTION; lending a steady, but discriminating
support to the Present Administration of the Govern-
ment, and advocating every timely effort to promote the
Progress, and Elevation of every portion of the Hu-
man Race. In this advocacy it yields only to safe
and conservative impulses, placing, always, the Pub-
lic Good, in advance of merely humanitarian or Secre-
tarian Considerations. No question of Import to the
welfare of the nation or society fails to obtain candid,
independent and exhaustive discussion in the columns
of this journal.

In the Department of News the first aim of the TIMES
will continue to be the collection and publication of
trustworthy intelligence from all parts of the World.

Its general correspondence, both Foreign and Domest-
ic, is confessed to be superior to any other American
Newspapers. Its letters descriptive of

THE EVENTS OF THE WAR,

its record of the Movements of the Contending Armies
their Marches, their Battles, their Retreats the Lists of
Casualties, its Deliberations of Camp Life, have given a
new and distinctive interest to that department of jour-
nalism.

Its Reports on Congressional and Legislative Proceed-
ings, of Financial, Commercial and

GENERAL INTELLIGENCE,

of important Legal and Criminal Trials, and of what-
ever may have special interest for the great body of the
community, are full, prompt and reliable.

But whether in the enunciation of opinions or the
statement of facts, the TIMES never loses sight of the
obligations of public or private morality; never con-
ciliates the judgment or taste of the vicious; but seeks
uniformly to furnish reading properly admissible into
the Domestic Circle.

The NEW YORK WEEKLY TIMES is a large and
elegantly printed quarto sheet, of eight pages, or forty-
eight columns—devoted to Politics, Literature and Gen-
eral News, and intended to be the BEST as well as the
CHEAPEST FAMILY NEWSPAPER in the United States.

Special attention is devoted to full, accurate and
trustworthy reports of the

LIVE STOCK AND PRODUCE MARKETS,

Superphosphate of Lime.

THE STANDARD MANURE.

An application of 150 or 200 pounds per acre of this
standard Manure will furnish enough Soluble Phos-
phoric Acid, (the indispensable nutriment of plants,) for
any crop.

Rhodes' Standard Manure

being prepared for immediate application, can be used
either broadcast or in the hill or drill. In no instance is
it to be plowed under. When agriculturists learn the
true value of this Standard Manure, they will not suffer
themselves to be without a supply, as in case of replant-
ing or backward growth, Rhodes' Manure, applied as top
dressing, produces speedy growth. This Manure does not
